

## THE RE-ENGINEER OF E-LEARNING PROCEDURES TO EFFECTIVELY PROTECT STUDENTS' PERSONAL DATA

2020-1-UK01-KA226-SCH-094506

### PROJECT OBJECTIVES

- Encouraging and facilitating the lawful use of digital technologies in education
- Protecting individuals' fundamental rights and particularly their privacy and personal data - Enhancing the use of e-learning methods and teachers' initial education and continuous professional development
- Promoting the development of innovative teaching and assessment methods
- Improving the accessibility of students to the educational procedure

### OUTPUTS

#### I01: e-Privacing Roadmap to Data Protection:

An all-inclusive guide for teachers and educators with components directly addressing the needs of e-privacy

#### I02: e-Privacing Guide:

Two manuals, for teachers and students, identifying their rights and obligations, and proposing best practices in distance learning in order to protect their personal data, while using with safety the online tools and platforms

### TARGET GROUP

- Teachers/School's administrative staff
- Students (13-16)
- Parents, educational community (trainers/academic staff)
- IT companies, consulting and compliance-centred SMEs in Data Protection field
