e-Privacing Newsletter

January 2022

Welcome to e-Privacing!

e-Privacing – an ERASMUS+ funded project led by CIVIC Computing – has partners representing organisations in the UK, Netherlands, Cyprus, Greece, and Romania.

Expected Project Results:

- **e-Privacing Roadmap to Data Protection** for teachers which will help them navigate through e-Learning and Data protection.
- **e-Privacing Guide**, comprising of two manuals for teachers & students identifying their rights and obligations on the data protection field.
- **e-Privacing Online Portal** which will deliver the educational resources for easier comphension and understanding by the target groups.
- **e-Privacing Academy**, a virtual communication/ collaboration space
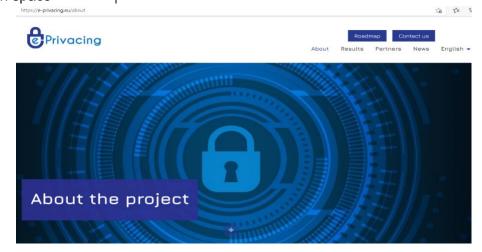

Partners agreed that specific deliverables to be produced:

✓ IO1 /A1-4 was developed till the end of 2021
✓ IO1/A5 with translations of all content into partner languages, till the end of May 2022
✓ IO2 to be finished at the end of May 2022
✓ IO2/A1 with content to be finalized by the middle of January 2022
✓ IO2/A2 is a manual for students, which is due to run concurrently with IO2/A1, with the same timeline
✓ IO2/A3 is the e-Privacing Guide, due to begin immediately following IO2/A1 and A2 and be completed by the end of March 2022.
✓ IO2/A4 is translations, and will run concurrently with IO1/A5, both activities can be undertaken using the project's budget for exceptional costs
✓ IO3 is due to run from April 2022
