

Privacing Newsletter

August 2022

Welcome to e-Privacing!

e-Privacing – an ERASMUS+ co-funded project led by CIVIC Computing – has partners representing organisations in the UK, Netherlands, Cyprus, Greece, and Romania.

Completed Project Results:

- **e-Privacing Roadmap to Data Protection** for teachers which will help them navigate through e-Learning and Data protection.
- **e-Privacing Guide**, comprising of two manuals for teachers & students identifying their rights and obligations on the data protection field.

Upcoming Project Results:

- **e-Privacing Online Portal** which will deliver the educational resources for easier comprehension and understanding by the target groups.
- **e-Privacing Academy**, a virtual communication/ collaboration space

During the last 6 months, specific deliverables were developed:

- IO2/A3: e-Privacing Guide was developed after finalising the e-Privacing Manuals for teachers and students accordingly. The two manuals along with the Guide were also translated in Greek and Romanian as part of the IO2/A4 activity.
- IO3/A1: e-Privacing online portal was designed and developed in accordance with the latest e-learning specifications. The portal is built on the Moodle platform alongside custom development features to support the training of the e-Privacing content. Link to the platform will be available once the English content is published.
- IO3/A2: At the moment, the partnership has shifted their efforts of preparing the English version of the training content, following instructions from ATERMON and HESO as e-Learning experts. This activity will be finished by the end of September and the English version of the e-learning portal will be ready.

Project Objectives

- ❖ e-Privacing is an Erasmus+ co-funded project that hopes to raise awareness of digital privacy and security issues, particularly in primary and secondary education.

Target Group

- ✓ Teachers/ School's administrative staff
- ✓ Students (13-16 years old)
- ✓ Parents, educational community (trainers/academic staff)
